Online Spanish Courses: Live Video Classes

The Instituto Cervantes in Sydney, the official entity for Spanish and culture, offers comprehensive Spanish language courses in small groups of 4 to 12 students. Our native teachers are university qualified and use the most up-to-date techniques for teaching Spanish as a foreign language, and receive yearly training to ensure we provide a quality service to our students.

Our online Spanish courses are taught through live video classes, offering the benefits of participating from anywhere in the world, without having to travel. The classes are highly interactive, allowing for real-time communication between the teacher and students, and a virtual classroom with materials and resources for student interaction with classmates and teachers.

Also, our electronic library provides a wide range of specific Spanish as a Foreign Language materials and resources to assist our students at any level, from beginners to proficient.

To enrol online, click on the "Add to cart"  icon for the course that suits you best, and you will access the platform to purchase it and receive confirmation and instructions.

For new students enrolling in a level other than A1.1, a certificate or level test with us is required.
